

## Socionext Joins the Global Semiconductor Alliance

**Langen/Germany, 13. June, 2024** --- Socionext Inc., a leading provider of advanced SoCs for a wide range of applications, is pleased to announce that they have become a member of Global Semiconductor Alliance (GSA), the voice of the global semiconductor industry.

“Socionext’s membership in the GSA marks a significant milestone in our journey towards creating more connected and intelligent systems,” said Masahiro Koezuka, President and CEO of Socionext Inc. “We are excited to collaborate with our peers and contribute to the GSA’s mission of accelerating industry growth through a shared vision and collective action.”

As a new member of the GSA, Socionext stands alongside over 300 corporate members across six continents, representing 75% of the \$575B+ semiconductor industry.

GSA is renowned for its role in connecting the semiconductor industry and promoting a profitable and sustainable global ecosystem. Socionext’s alignment with the GSA’s vision will enhance the company’s ability to navigate the complexities of the market and leverage emerging opportunities in semiconductor design, manufacturing, and sales.

“We are very pleased to have Socionext join the GSA,” said Jodi Shelton, co-founder and CEO of GSA. “Socionext brings a wealth of industry knowledge to the Alliance and we look forward to their contributions to our industry events, interest groups and resources. As the GSA gains new members, we are ultimately supporting and enhancing the global semiconductor ecosystem.”

As a member of the GSA, Socionext will benefit from the unique neutral platform provided for collaboration, where global executives may interface and innovate with peers, partners and customers to accelerate industry growth and maximize return on invested and intellectual capital.

### About Socionext Europe GmbH

Socionext Europe (SNEU) is an integral part of Socionext Inc.'s global structure, headquartered in Frankfurt, Germany, with a key facility in Munich. Central to our operations, the Munich Design and Support Center excels in developing advanced graphics IP, alongside innovative hardware and software solutions tailored for the automotive industry. Our expertise also spans sectors such as networking, data centers, IoT, Radar Sensing, and Industrial Automation. SNEU is committed to delivering comprehensive SoC solutions, catering to the latest

### **About Socionext**

Socionext Inc. is a global SoC (System-on-Chip) supplier and a pioneer of a unique “Solution SoC” business model through decades of industry experience and expertise. Socionext contributes to global innovation in advanced technologies, including automotive, data center, networking, and smart devices. As a trusted silicon partner, Socionext delivers superior features, performance, and quality that differentiate its customers’ products and services from their competition.

Socionext Inc. is headquartered in Yokohama, with offices in Japan, Asia, United States, and Europe to lead its development and sales activities. For more information, visit <https://www.socionext.com/en/>.

### **About GSA:**

GSA is Where Leaders Meet to establish an efficient, profitable and sustainable high technology global ecosystem encompassing semiconductors, software, solutions, systems and services. A leading industry organization that represents 300+ corporate members on six continents, including more than 120 public companies, GSA provides a unique, neutral platform for collaboration, where global executives interface and innovate with peers, partners and customers to accelerate industry growth and maximize return on invested and intellectual capital. Members of the GSA represent 75 percent of the \$575B+ semiconductor industry and continue to grow. For more information, visit [www.gsaglobal.org](http://www.gsaglobal.org). Follow GSA on [LinkedIn](#), [Facebook](#), [Instagram](#), [Twitter](#), [YouTube](#) and [WeChat](#).
